

To Kathleen Morela:

Thank you for  
your letter about the Borough  
Plan. My operations have not  
changed from my original  
letter. The infrastructure is not  
there to separate the plans.  
The industrial estate on  
Bowling Green Lane, is a accident  
waiting to happen, Concess + Kids to  
not MIA well. The housing the  
roads and other services will be  
credocked. Doctors Dentists will not  
have enough space to take on the  
shortfall. Plus the cross keys  
being replaced by a CO-OP STORE

Is going to create more chaos

In summary: If the Plan is a  
non-starter, and any counselor  
who votes for it will not get  
my vote at election time

Thankfully
