The running balance of your account will show here. If there is a CR after the figure, this means you're in credit.

If there is a 'AR', this means you're in arrears, and it would be good to contact us so we can help you.

Starting at the start of April, we will count the weeks or months in the rent year – this is called the Period No.

The date will either show the Monday that your rent is due, or the date of a transaction like an adjustment or payment.

If your rent is weekly or monthly, it will show in the description.

If we need to make any adjustments in your charge, we will show the amount, and the date will show when the adjustment was made.

If you, or someone else makes a payment on your behalf (like Housing Benefit or Universal Credit) you'll see the amount here, and the date will show when the payment was received.
