<u>DECISION REFERENCE</u>	<u>SOURCE OF AUTHORITY AND REFERENCE</u> (i.e. Committee/ Constitution/Minute No. etc. Part 3E .3d : Director – Arts Leisure and Democracy
<u>DATE OF DECISION</u>  19 <sup>th</sup> February 2019	<u>DECISION MAKER (Name and Job Title)</u>  Philip Richardson – Director Arts Leisure and Democracy

RECORD OF THE DECISION

## a) The issue

The Director – Arts, Leisure and Democracy has delegated authority to institute legal proceedings in any case where such action is necessary to give effect to a decision of the Council or in any case where it is considered that such action is necessary to protect the Council's interests.

The Director – Arts Leisure and Democracy has delegated authority pursuant to Section 222 of the Local Government Act 1972 which states

(1)Where a local authority consider it expedient for the promotion or protection of the interests of the inhabitants of their area—

they may prosecute or defend or appear in any legal proceedings and, in the case of civil proceedings, may institute them in their own name.

The Director – Arts Leisure and Democracy has delegated authority to institute legal proceedings to restrain a breach of planning control pursuant to Section 187B of the Town and Country Planning Act 1990 which states

187B Injunctions restraining breaches of planning control.

(1)Where a local planning authority consider it necessary or expedient for any actual or apprehended breach of planning control to be restrained by injunction, they may apply to the court for an injunction, whether or not they have exercised or are proposing to exercise any of their other powers under this Part.

(2)On an application under subsection (1) the court may grant such an injunction as the court thinks appropriate for the purpose of restraining the breach.

(3)Rules of court may provide for such an injunction to be issued against a person whose identity is unknown.

(4)In this section "the court" means the High Court or the county court

At an Extraordinary Council Meeting on Monday 8<sup>th</sup> October 2018, the Council resolved to

1. Instruct officers to prepare and, if merited by the evidence, apply for a Borough wide injunction to provide the possibility of criminal sanctions against both named individuals and persons unknown who establish unauthorised encampments within our Borough.
2. Instruct officers to prepare and if merited by the evidence apply for injunctions on land that has been repeatedly the subject of unauthorised encampments within our Borough to provide the possibility of criminal sanctions against both named individuals and persons unknown

## b) The Decision

Having had regard to the Council's Public Sector Equality duty and having reviewed the evidence and received advice from Counsel that based on the evidence there is merit in making an application, it is expedient for the benefit of the inhabitants of the area of Nuneaton and Bedworth to approve the application to the Court under s222 Local Government Act 1972 and to restrain breaches of planning control pursuant to S187B of the Town and Country Planning Act 1990 for an injunction against persons known and unknown to prevent encampments without lawful permission.

**REASON FOR THE DECISION**

The Council has experienced a significant number of traveller encampments within the borough within the last 3 years which have been accompanied by fly tipping, criminal and anti- social behaviour, criminal damage. The Council has utilised its powers under s77-78 of the Criminal Justice and Public Order Act 1994, but often this disbursts the encampment to another site and the legal process has to start again. The proposal is to seek a two pronged injunction (1) against named individuals who have been identified by the Council and the Police as having engaged in the complained of activity in the past. The injunction would prohibit them from setting up a camp anywhere in the Borough and (2) an injunction against persons unknown which would prevent anyone setting up an unauthorised encampment on identified sites within the borough.

From April 2015 to date the Council has recorded around 80 encampments on Council owned land. There have been in the region of 23 further encampments on private land and County Council owned land. These encampments have included car parks, public open space and recreation/community facilities and schools. Entry on to some sites has been forced including cutting padlocks, driving through hedges, and over grassland. There has been criminal activity and anti social behaviour associated with the travellers. This has the potential to put people at risk particularly where the encampments have been on or near parks, sports facilities, play areas and schools. There is always significant remedial action required to clear sites from waste, and human excrement which is potentially dangerous to health. The cost of remedial action and court, bailiff expenses on top of officer time is a significant drain on council resources.

The impact on residents and businesses within the Borough is significant and impact statements have been obtained setting out the impact of incursions on schools and leisure facilities.

It is recognised that travellers are a protected characteristic and an Equality Impact Assessment has been carried out which supports the commencement of proceedings.

The application is supported by Warwickshire County Council and Warwickshire Police and evidence has been provided by both.

**ALTERNATIVE OPTIONS CONSIDERED AND REJECTED IN MAKING THE DECISION**

Not to take injunction proceedings – the impact on residents and businesses of the illegal incursions outweighs the welfare and equality implications

**WARD RELEVANCE**

Hi all,

Sorry this has taken me a while to sort out Barry, my iPad hasn't been very well!

These are some pics I took on Saturday on the Jubilee field.

They are mainly from the area that backs on to the homes on Raywoods Estate. Aviemore/Braemar/Rothesay.

I'll apologise in advance because there was a lot of excrement. Wherever you see wet wipes or tissue there was excrement. It's quite well camouflaged in some places due to the leaves on the ground but the smell was unmistakable & disgusting.

I'll send over a few emails because I won't be able to attach all to one mail.

Thanks

Clare

Customer called from flex space. They manage the whole site of Dunns Close. She advised that there area number of clients who rent out the units who feel very unsafe, intimidated and vulnerable with the travellers being next to them.

The travellers use the site as a toilet which is not pleasant for anybody working in the area.

As well as this, there is a huge financial cost for them as there is a security risk and they have to pay for the site to be manned during the time the travellers are there.

She advised that they pay their rates and feel that they are not being supported and have been let down.

Not happy with Travelers being Granted 28 days Grace as Welfare issues Advised Human Rights .

Not happy that the travellers at Nuneaton Boys Club caravans are blocking a right of way, can they vans be moved away from this whilst going through our legal route.

Customer called concerned for the safety of the school children near this site. Explained that for the time being that this is a tolerated encampment.

Mrs [REDACTED] wanted to report that she was walking her dog and was verbally abused by children of the encampment - very upsetting for her. Throwing stones, got catapults. They have been spitting on people, loose dogs running around. Noise all through the night general noise. Ati-Social Behavior.

Customer called to advise the travelers have moved over night and are now on the sports field on Vernons Lane, there are around 30 caravans. Gypsies back on vernons lane.

NBCF87398594 thought the court order was for 3 months. Police came spoke to them then left. Gypos then broke into field.

Get the borough ban. Will stop all this hassle once and for all. If not will carry on moving back and forth.

Once again travellers have set up camp on fields at the bottom of Vernon's lane sort it out council the amount of money your wasting on court hearings is disgusting that's council tax payers money not for wasting time with sorting out travellers every few days from one site to the next, would be a different story if the people of the town all stopped paying for this.

There is a very large traveller encampment on Donnithorne Avenue next to Caldwell Grange retirement home.

They were evicted from Coventry last night and have broken down the new council fencing to invade the site.

It looks like the same travellers that were previously on Gala Field, the Pingles, Jubilee Fields and Bermuda.

Can the Council now consider the blanket ban written about here on your website as the problem is widespread and has had and still is having a significant impact on NBBC residents and businesses in terms of loss of our amenities and there is significant unease in the community.

I think it would be prudent (ie cost effective and less disruptive to local residents), if the council would immediately apply for removal of travellers from sites in Nuneaton that they have no right to camp on. Despite new breaches being reported Hi any reason why this council will not pay for a permanent injunction to stop travellers from ruining Nuneaton anymore ? 60k each time they move from an area to clean there free loading stinking mess up...Surely it would work out cheaper in the 100 slow evicting travellers trespassing on sites. I donat "t pay taxes to pay for legal fees when I would be evicted much quicker if I set up camp somewhere I shouldnâ€™t. More direct approach with police to kick them out.....

While I understand that you are trying your best with the situation currently taking place at Pingles car park and I understand it is not easy for you, there is an issue I would like to raise.

On a number of occasions people who have used the centre but forgot to pay for parking (or overstayed their paid ticket) have rightfully received a parking fine of £50 reduced to £25 if paid within 14 days. I would like to ask how much money in fines has been paid by the people currently occupying the car park (if any) as I do not believe anyone should be above the law.

Now I do understand that getting any money off fines would be difficult (and may be seen as dangerous for your employees to issue tickets at this time) however I don't believe that some people should get away without any fines whilst other people have to pay parking fines.

There is no easy solution to collecting fines and I do not expect you to be able to achieve this. However with the current feelings around the town I do believe it would be a nice gesture for the council to offer free parking at the Pingles leisure centre for the same amount of days the car park has been occupied for. For example if the car park is occupied for a week then I believe parking should be free at Pingles leisure centre the As you go under the railway bridge on Coventry Rd, Bulkington toward Coventry there is a row of trees 80 - 100 years old Two travellers have pulled up next to the field and have proceeded to chop down the tree's, all of them, these are beautiful established trees. How do they get away with it, it is so blatantly wrong, and

10<sup>th</sup> January 2019

Dear Sir/Madam

I wish to bring to your attention the financial loss incurred due to the Travellers encampment at The Pingles Stadium 2018/19

On two occasions one being August 24<sup>th</sup> – September 3<sup>rd</sup> a group of travellers broke the padlock on the low barrier to the Craft Centre Playing Field. Around 30 caravans descended, and this had a huge effect on us as a business. We have permission from NBBC to occasionally use this space for overflow parking i.e. athletics competitions, football matches, swimming galas. Also the entrance to the 3G Sports Pitch is situated very close to where the travellers camped and this caused some groups to cancel sessions.

The second occasion was October 7<sup>th</sup> – October 16<sup>th</sup> and this had a massive affect to our business, the travellers camped on The Stadium carpark as a concrete block had been placed in the gateway to the Craft Centre Playing Field after the last encampment. We had no choice but to cancel all sessions booked on the 3G Sports Pitch. Participation at Stadium sessions during those periods were down by 40%.

The recent encampment on the Leisure Centre carpark brought with it a very disturbing and upsetting incident where on Wednesday 9<sup>th</sup> January a 13/14 year old traveller boy entered the stadium and ran around the track. The Manager of the stadium approached the boy and asked him politely to leave the boys reaction was to intimidate and hail abuse followed by the boy raising his hand and hitting the manager in the mouth. This has since been reported and logged with the police.

22<sup>nd</sup> January 2019

Dear Sir/Madam

Further to my letter dated 10<sup>th</sup> January 2019 I would like to make you aware of the impact the Travellers encampment had on us.

- We lost a total of 51 hours hire time on the 3G Sports Pitch.
- Numbers were down on members using the Stadium facilities i.e. Public, The Athletic Club and Fitness Groups.
- We had to cancel our SMASH CAMP, a school holiday sports activities session due to run throughout the Bank Holiday week 9.00am-3.00pm.
- Bikeability Courses for toddlers, kids and adults were due to run throughout that week also, had to be cancelled.

The inconvenience caused due to the travellers encampment.

- Rubbish being thrown over the fence into the Stadium Arena which we had to clear up daily.
- To ensure the site was kept locked at all times during the day and securely locked at night.
- Remove stock and cash from the vending machine nightly.

Parking in The Stadium carpark was a big issue for the Weight Watchers group, Football matches, Nuneaton Harriers AC sessions, 3G Sports Pitch and our Fitness Run Groups. We currently have a van parked halfway across the entrance to the carpark during the day and then move it at night to completely block the carpark.

We cannot survive as a business if we are subject to anymore encampments near our site.

### WITNESS STATEMENT OF PHILIP RICHARDSON

---

I, PHILIP RICHARDSON, Director of Arts Leisure and Democracy of Nuneaton and Bedworth Borough Council, Town Hall, Coton Road, Nuneaton CV11 5AA WILL SAY AS FOLLOWS:

1. I make this witness statement in support of the Claimants' application for various service Orders prior to service of the above named proceedings. The Claimants seeks an interim and mandatory injunction pursuant to section 222

Local Government Act 1972 and/or section 187B Town and Country Planning Act 1990, in the terms set out in the draft Order. The Order is sought against 54 herein named Defendants and Persons Unknown, and concerns to date 103 unauthorised encampments over a period of three years, formed by the Defendants within the area marked with the red line on the map attached at Schedule 2 of the draft order for an injunction. These encampments have included adults, children horses, dogs and other associated vehicles and animals. The unauthorised encampments have been formed in public open spaces, near schools and children's play areas, residential estates, industrial sites, car parks and on highways within the area marked in red on the map referred to above. The encampments have caused significant nuisance and community tension for the following reasons:

- (i) Because the settled community believe that the Travellers are being allowed to flout the law;
- (ii) The encampments are causing serious nuisance and annoyance to the settled community, including significant noise, damage to amenity land and fly-tipping; and
- (iii) The encampments leave behind untreated human excrement as the Travellers do not use the toilets within their own caravans. Human excrement has been found on many of the sites the Defendants have formed encampments as referred to in my first witness statement dated 19<sup>th</sup> February 2019 at paragraph 21 to 25. This has also been identified as a risk to human health in the witness statement of Robert John Watson.

Due to the level of encampments and the time it might take to locate and serve this evidence on the Defendants I am seeking an Order on behalf of the Claimant that the injunction is listed before a Judge on 19 March 2019, to ensure the Council has 3 clear days between service of the proceedings and

the hearing date. I would also respectfully request that the hearing is allocated a 2 hour time estimate.

3. Male Gypsies and Travellers usually leave for work early in the morning and do not return until later in the evening. Accordingly, the Claimants also seek permission to serve the Defendants between 6.30am and 8pm during the week and between 7am and 4pm on a Saturday. With an Order that claim forms and applications served on a Saturday will be deemed served on the next working day and Claim Forms and Applications served after 4pm on a working day shall be deemed served on the next working day.
4. Travellers can be difficult to serve and there is no guarantee that they will open the door to their caravan, mobile home, or, bricks and mortar property if they believe they will be served with court papers. In the event that the Claimants are unable to personally serve any of the 1<sup>st</sup> to 54<sup>th</sup> Defendants, the Claimants seeks an order giving them permission pursuant to CPR Part 6.14, 6.15, 6.26 and 6.27 to serve any of these Defendants that cannot reasonably be personally served, by leaving a copy of the application notice, claim form, draft order and supporting evidence in a clear transparent envelope and affixing the same to a Caravan or Mobile home, front door, or, other vehicle of which it is reasonably believed is occupied by the Defendant, or, posting the same through the letter box of the Defendants last known address. I would also respectfully request that any claim form and application notice served by this method will be deemed served the next business day after service of the application and Claim Form .
5. There are a number of lever arch files of supporting evidence in this matter. There are 54 named Travellers that each require a copy of the evidence to be served on them and 141 sites that need serving with the supporting evidence to address the part of the evidence that relates to the claim against Persons Unknown. This would be an enormous amount of paper works and expense which no doubt would be difficult for the Travellers to store in their caravans as many of them are living in small touring caravans with their families.

Accordingly, the Claimants proposes that it shall be permitted to serve the evidence in support of the Claim and application for an interim injunction (contained in a number of lever arch files) by USB memory stick and digital link to a webpage on the First Claimant's website and shall provide any Defendant that requests hard copies of the same within 2 workings days of receipt of such request and shall have a copy of all evidence relied upon in these proceedings available for inspection at the Council offices at Town Hall, Coton Road, Nuneaton, Warwickshire CV11 5AA between the hours of 10am and 4pm Monday to Friday excluding public holidays.

6. The Claimant also seek an Order that the Claim Form and applications shall be deemed served on Persons Unknown by serving a copy of the Claim Form, Application Notice as follows:

(a) Affixing copies of the same in a transparent envelope, or laminated copy, in a prominent position on the land to be protected against Persons Unknown, which includes 141 of sites identified in Schedule 3 of the draft Order for the injunction with a notice to Persons Unknown that a copy of the supporting evidence can be obtained from Legal Services, Nuneaton and Bedworth Borough Council, Town Hall, Coton Road, Nuneaton, Warwickshire CV11 5AA within 2 working days of receipt of such a request, and shall have a copy of all evidence relied upon in these proceedings available for inspection at the Council offices at Town Hall, Coton Road, Nuneaton, Warwickshire CV11 5AA between the hours of 10am and 4pm Monday to Friday, excluding public holidays.

**WITNESS STATEMENT OF MARTYN STEPHENS**

---

I, MARTYN STEPHENS, of Barrack Street, Warwick CV34 4SX WILL SAY as follows:

- 1) I am employed by the Claimant County Council as the Community Safety Team Leader for the county of Warwickshire. The facts detailed below are either within my own personal knowledge or have been ascertained from the Claimant's files and I am duly authorised to make this statement on the Claimant's behalf.

- 2) I make this statement in support of the Claimant's application under Section 222 of the Local Government Act 1972 and Section 187B of the Town and Country Planning Act 1990 for an Injunction prohibiting the Defendants from setting up unauthorised encampments on land that is more particularly delineated in the exhibit to the witness statement of Philip Richardson, Director of Arts, Leisure and Democracy at Nuneaton and Bedworth Borough Council.
- 3) I refer to Exhibit MS/1 which is a spreadsheet maintained by Warwickshire County Council containing details of all the unauthorised encampments that have occurred in 2017 and 2018 on land within the County boundaries. From that spreadsheet I can see that of all of those encampments, 25 have been on land within the boundary of Nuneaton and Bedworth Borough Council in 2017 and 33 have been on land within that boundary in 2018.
- 4) Of those encampments, eleven have been on Warwickshire County Council land within the boundary of Nuneaton and Bedworth Borough Council. As a result of these encampments, Warwickshire County Council took possession proceedings in accordance with Part 55 of the Civil Procedure Rules on four occasions to regain vacant possession, with the remainder of the encampments leaving of their own accord or after Warwickshire County Council officers negotiated with the group to depart.
- 5) I can confirm that two of those encampments were on school land. In particular, encampments occurred on 6 of June 2018 and 7 July 2018 on Discovery Academy, Vernon's Lane, Nuneaton, CV11 5SS.
- 6) The Freehold title owner of the school referred to at paragraph 5 above is Warwickshire County Council. I refer to Exhibit MS/2 which are copies of Land Registry details for the school site in question, evidencing Warwickshire County Council's legal ownership of the land.
- 7) Warwickshire County Council's Gypsy and Traveller Service has a 'central hub' whereby members of the public can report unauthorised encampments in their area as well as complain about crime and disorder associated with the

unauthorised encampments through a portal on their website. In 2017 and 2018 810 reports were received by members of the public in relation to unauthorised encampments. I refer to Exhibit MS/3 which is a copy of the spreadsheet documenting the reports, some of which include complaints, of unauthorised encampments received by Warwickshire County Council. Of particular note are the reports that relate to encampments on Camphill School and Discovery Academy which are all schools within the Nuneaton and Bedworth Borough area.

- 8) The complaints that were received from the Gypsy and Traveller Service in relation to these encampments related to Anti-Social Behaviour, littering, threats of violence towards members of the public and business owners, the use of motorised vehicles such as quad bikes, widespread defecation, criminal damage and thefts.
- 9) Of particular concern is the disruption that the unauthorised encampments on school land have caused. I am aware that on 6 June 2018, Discovery Academy had to close for five days as a result of damage, litter and Anti Social Behaviour directly caused by the Defendants. The land at Discovery Academy has the benefit of a Development Agreement dated 26 August 2015 between Warwickshire County Council and Macintyre Academies. For that reason, Macintyre Academies were responsible for managing this encampment, in conjunction with Warwickshire Police, and for instigating the subsequent proceedings in accordance with Part 55 of the Civil Procedure Rules to regain vacant possession. I am aware though that this encampment caused considerable disruption to the school pupils who were unable to attend school or use the school playing fields whilst the encampment was in situ.
- 10) Warwickshire County Council is the Education Authority for the County of Warwickshire and has a duty to make sure that every child that they are responsible for is able to access adequate and sufficient education. The encampments that have occurred on school land have hampered Warwickshire County Council's ability to meet that duty and they should be allowed to provide

their services to children of a school age without being prevented from doing so by unlawful trespassers.

- 11) Even if a school site qualifies for General Permitted Development rights, the land would not be appropriate for accommodating an unauthorised encampment of any description because of the consequences that this would have on the operation of the school. As occurred with the encampment in July 2018 at Discovery Academy, an encampment on school land would most probably result in the school having to close for the obvious reason that a convoy of people and vehicles is likely to not only present safeguarding issues for the pupils attending school but is likely to physically prevent pupils from accessing areas of the site required for day to day schooling functions.
- 12) In addition to encampments set up on school land in the Nuneaton and Bedworth Borough Council area, in 2017 and 2018, Warwickshire County Council experienced trespassers encamping on land at Walsingham Drive, Slingsby Close, Holman Way, The Griff Hollows Caravan Site, and Coventry Road. All of these parcels of land are within the Nuneaton and Bedworth Borough Council area.
- 13) On 3 February 2017, a family set up an unauthorised occupation on one of the plots at The Griff Hollows Caravan Site which is one of Warwickshire County Council's permanent Gypsy and Traveller sites. As a result of that occupation, possession proceedings had to be commenced in the County Court in accordance with Part 55 of the Civil Procedure Rules. The costs involved to Warwickshire County Council in regaining vacant possession amounted to £1000.
- 14) In relation to the unauthorised encampment at Walsingham Drive, this consisted of 40 caravans that had moved on to the land as a result of being evicted from private land owned by the United Parcel Service nearby. That encampment only lasted a matter of hours as the families involved had gathered in the location before moving off in convoy later on the same day that they arrived. However, that encampment did receive a lot of attention from the local community who

used social media as a means to circulate their frustrations about the encampment.

15) Slingsby Close used to be an area that attracted considerable numbers of unauthorised encampments prior to 2017. However, 'target hardening' measures were put in place on the verges of the land in 2017 in an attempt to deter and prevent unauthorised encampments being set up here. Nevertheless, the encampment at Slingsby Close referred to at Exhibit MS/1 consisted of one family trespassing on the road in the vicinity of the small industrial estate in the area. County Court possession proceedings were commenced immediately and local business residents expressed considerable anxiety as a result of the encampment for fear that it would expand and cause disruption.

16) Land at Holman Way is a small turning area at the end of the only road on an industrial estate. This land is such that it has the capacity to fit two caravans and towing vehicles. As can be seen at Exhibit MS/1 there have been frequent unauthorised encampments on this land throughout 2017 and 2018. On four occasions the land has been occupied by single families but each encampment vacated the land prior to possession proceedings being heard in the County Court.

17) Another parcel of land owned by Warwickshire County Council that attracts unauthorised encampments, as referred to in Exhibit MS/1, is land at Coventry Road, Nuneaton. This land is an unused Highway and two encampments were set up there in November 2018. Despite bunding being erected on the land to prevent trespass, this was removed on 3 November 2018 by a group of trespassers who had been moved on from trespassing at the Griff Hollows Caravan Site. This encampment moved of their own volition and no complaints were received by Warwickshire County Council in respect of their stay. Nevertheless, a further encampment arrived on the parcel of land on 14 November 2018 and it was understood that the family that made up this encampment were using the land with a view to then moving on to the Griff Hollows Caravan Site. On this occasion, their trespass was tolerated due to a welfare issue but Court proceedings for possession became necessary in January 2019.

18) The encampments on land owned by Warwickshire County Council as referred to have caused disruption and disquiet amongst those residing in the vicinity of the trespass. As can be seen from Exhibit MS/3, Warwickshire County Council have to deal with a significant number of complaints from members of the public as a result of such unlawful activity. This in turn puts considerable pressure on resources at the public expense.

19) It is for that reason that a decision was made by the Assistant Director of Communities, under the scheme of delegation, that Warwickshire County Council seeks to obtain an Injunction prohibiting the Defendants from setting up unlawful encampments on school sites within their property portfolio.

20) I thus respectfully ask that the Court grants the Injunction in the terms sought.

I believe that the facts in this statement are true

WITNESS STATEMENT OF MARTYN STEPHENS

---

I, MARTYN STEPHENS, of Barrack Street, Warwick CV34 4SX WILL SAY as follows:

- 1) I am employed by the Claimant County Council as the Community Safety Team Leader for the county of Warwickshire. The facts detailed below are either within my own personal knowledge or have been ascertained from the Claimant's files and I am duly authorised to make this statement on the Claimant's behalf.

- 2) I make this statement to address the issue of Gypsy and Traveller site provision, both temporary and permanent, provided by Warwickshire County Council, in addition to my first witness statement in these proceedings dated 19 February 2019.
- 3) Although Warwickshire County Council is not a Housing Authority, it exercises its power under Section 24 of the Caravan Sites and Control of Development Act 1960 to provide sites to the Gypsy and Traveller community on both a temporary and permanent residence basis.
- 4) In particular, there are three permanent Local Authority Gypsy and Traveller Caravan Sites currently owned and managed by Warwickshire County Council. These sites are known as the Pathlow Caravan Site, the Griff Hollows Caravan Site and the Alvecote Caravan Site.
- 5) Each site offers pitches for families from the Gypsy and Traveller community and in occupying the site, residents are granted security of tenure by entering into a Mobile Homes Act 1983 Agreement with Warwickshire County Council.
- 6) The Pathlow Caravan Site is situated at East of Birmingham Road, Pathlow, Stratford upon Avon, CV37 0ES and has 30 pitches. The Griff Hollows Caravan Site is situated at Coventry Road, Nuneaton, CV10 7PJ and has 25 pitches. The Alvecote Caravan Site is situated at Alvecote Lane, Alvecote, B79 0DN and has 17 pitches.
- 7) In addition to the permanent Gypsy and Traveller Caravan Sites, Warwickshire County Council also has a transit site which provides temporary accommodation for Gypsies and Travellers resorting to the Warwickshire jurisdiction as part of their nomadic lifestyle. This transit site is at Oldbury Road, Nuneaton and has space for 10 pitches. The expectation is that members of the Gypsy and Traveller community who make use of a transit site pay a fee for the benefit of allocation to a pitch and for the provision of essential utilities.

- 8) This site is governed by various planning conditions, one of which deems that the site can only be used for up to 28 days by any one encampment. The terms of the planning permission in place for the use of this site also regulate the numbers of people that are allowed to reside on the site at any given time.
- 9) The intention for such a site is that, should an encampment arrive within the County boundaries, they can be directed to this site by a senior police officer present at the scene in accordance with Section 62A of the Criminal Justice and Public Order Act 1994 (Section 62A). Before Section 62A can be utilised there is a statutory obligation that the senior police officer present at the scene has to consult with every local authority within whose area the land is situated to enquire as to whether there is a suitable pitch for the caravan or each of the caravans on a relevant caravan site which is situated in the local authority's area.
- 10) Consultation as regards to suitability of the site has to take into consideration the personal circumstances and needs (including welfare) of the encampment. As such, where an encampment arrives in the Nuneaton and Bedworth Borough Council area, risk and welfare assessments have to be carried out in conjunction with the Police to assess whether it is appropriate for the encampment to be directed to the transit site under Section 62A.
- 11) The risk assessment has to take into consideration the size of the encampment and whether there is adequate space to accommodate the members of the group and account has to be made as to whether there are any known tensions that may be exacerbated by any given encampment being accommodated on the site.
- 12) There are, in addition to the sites referred to above, Gypsy and Traveller accommodation sites that are privately owned within the County boundaries.

I believe that the facts in this statement are true

**WITNESS STATEMENT OF KATHERINE ANN MORETON**

---

I **KATHERINE ANN MORETON** of Nuneaton and Bedworth Borough Council, Town Hall, Coton Road, Nuneaton, CV11 5AA

WILL SAY as follows:

1. I am authorised to make this witness statement in support of the Claimants application for an injunction pursuant to Section 222 of the Local Government Act 1972 and Section 187B of the Town and Country Planning Act 1990. I make it from my own information, knowledge and belief save where otherwise stated.
2. I am employed by Nuneaton and Bedworth Borough Council as Head of Planning and have been employed by the Council since September 1978
3. My role and responsibilities as Head of Planning include giving planning advice, dealing with planning applications and issuing planning decision

notices and I have responsibility for the Local Development scheme and planning documents.

4. I have reviewed the list of borough council sites which have been the subject of unauthorised traveller encampments in the Borough. The sites comprise mainly of public car parks, public open space / recreation areas and community facilities.
5. In my professional opinion based on the current use of these sites and that they are not allocated as traveller sites in either the adopted or emerging Local Plan they would be unsuitable for planning permission as sites for travellers.
6. Section 187B of the Town and Country Planning Act 1990 states where a local planning authority consider it necessary or expedient for any actual or apprehended breach of planning control to be restrained by injunction they may apply to the Court for an injunction whether or not they have exercised or are proposing to exercise any of their other powers under this Part.
7. There are permitted development rights for caravans sites as set out in the Town and Country Planning (General Permitted Development) (England) Order 2015/596
8. Part 5 "Caravan sites and recreational campsites" states permitted development is "the use of the land other than a building as a caravan site in the circumstances in paragraph A2
9. A2 " The circumstances mentioned in Class A are those specified in paragraphs 2 to 10 of Schedule 1 of the 1960 Caravans sites and Control of Development Act 1960.
10. Paragraph 2.... A site licence shall not be required for the use of the land as a caravan site by a person travelling with a caravan who brings the caravan on to the land for a period of not more than two nights and  
For holdings of 5 acres or more this states  
A caravan was stationed anywhere on that land did not exceed 28 nights and that not more than 3 caravans were stationed at any one time.
11. Of the unauthorised encampments on Council owned land since 2015 there has only been one site (Riversley Park) where the number of caravans and the nights occupied would have permitted development. There were 3 occasions where this site was occupied all of which would have been permitted development if the Landowner consented to the encampment. On each occasion however, no consent has been obtained by the Local Authority and accordingly the encampment was still unauthorised. The GPDO being concerned with whether a site licence is required, as opposed to whether an encampment is lawful. Further, this assumes the landowner consents to the encampment.

12. Further, given that there have been 72 unauthorised encampments and only 3 could have been permitted under the GPDO, had they been consented to (representing just 4% of the total) it is my opinion that there is a clear reason to apprehend a breach of planning control on these sites.
13. In each of the 3 cases, a court order was obtained pursuant to s77 Criminal Justice and Public Order Act 1994.
14. Of the sites owned by Warwickshire County Council which have had unauthorised encampments only one would have been permitted development. School sites which are either owned by Warwickshire County Council or in private ownership have also had unauthorised encampments and whilst the sites tend to be over 5 hectares and some of the unauthorised encampments would be permitted development it is considered for safeguarding issues would render the sites unsuitable.
15. The Council has submitted its Local Plan for examination and hearings have been held and the Council are awaiting the Inspector's report. I set out excerpts of the Gypsy and Traveller policy within the Plan. I can also confirm that in advance of the Local Plan being adopted by the Council work has begun on the Gypsy and Traveller Development Plan Document in accordance with the adopted Local Development Scheme.
16. At present the Council does not have either a permanent site or any transit sites, it does however have several private sites. There are 38 plots on 9 sites all of which are occupied. All of these sites are within the Green Belt and have been given planning permission either through the appeal process or by the Council because exceptional circumstances have been provided which have outweighed the Green Belt policy. There are also a further 20 plots on 3 sites which have in the past been occupied but are not at the present time and the sites abandoned, they have poor access to the Local Road network and the Council are unaware as to the ownership of these sites and would not now consider that they are available.

#### Gypsies and Travellers

5.31 Under the 2004 Housing Act the Council is required to produce an assessment of the current and future accommodation needs of Gypsies, Travellers and Travelling Showpeople and then identify and plan for the provision of permanent and transit sites to meet those needs.

5.32 The 2016 Gypsy, Traveller and Travelling Show People Accommodation Assessment shows a need to find an overall requirement for 39 permanent pitches for the period up to 2031/32 and a need for 5 transit pitches over the next 5 years to 2020/2021 41 .

18. Policy H3 – Gypsies and Travellers The following criteria will be used to identify suitable strategic sites for 39 residential and 5 transit pitches to be taken forward in a Gypsy and Travellers Site Allocations Plan, for the period 2016/2017 to 2031/2032:
- a) The number of pitches or plots is relative to the size and scale of the site.
  - b) The number of pitches or plots is relative to the size and density of the surrounding settled community.
  - c) The site is not located in areas of high flood risk.
  - d) The site avoids adverse impact on historic and important open spaces, landscape or local nature conservation designations, ecology and biodiversity assets.
  - e) The site is located where the privacy, visual and residential amenity for both site residents and neighbouring land uses are protected.
  - f) The site has suitable access to the highway network.
  - g) The site is located where air or noise pollution will not affect the health and well-being of site residents and neighbouring uses will not be affected by air or noise pollution as a result of the gypsy and traveller development.
  - h) The site is accessible to town and district centres, local services and facilities such as schools and health facilities, fresh food and employment, by walking, cycling and public transport, in line with Policy TC3 Hierarchy of Centres, or it can be demonstrated that the site is sustainable in other ways.
  - i) The site has suitable connection to the foul sewage system, or can demonstrate that connection is unviable and alternative arrangements can be made, in consultation with Severn Trent.
19. The above criteria will also be used in determining any future planning applications for Gypsy and Traveller sites.

7.44 The Council has a duty under the Housing Act 2004 to assess the accommodation needs of Gypsies and Travellers and to demonstrate how that need will be met.

7.45 The Government's Planning Policy for Traveller Sites (2012) aims to ensure fair and equal treatment for Gypsies and Travellers in a way that enables their traditional and nomadic way of life while respecting the interests of the settled community.

7.46 The 2016 Gypsy, Traveller and Travelling Show People Accommodation Assessment shows a need for 39 permanent pitches for the period up to 2031/32 and 5 transit pitches over the next 5 years to 2020/2021 60 .

7.47 This policy recognises the need to plan for additional sites for Gypsies and Travellers. It sets out the criteria that will be used to identify potential locations for residential and permanent pitches through the Gypsy and Traveller Site Allocations Plan. The criteria are based on those used to select the strategic housing allocations. The criteria will also be used for determining planning applications in the interim period before the Gypsy and

Traveller Site Allocations Plan is adopted. The Gypsy and Traveller Site Allocations Plan will follow on from the Borough Plan in a separate document and will identify specific sites to meet the pitch requirements identified above.

I, Police Sergeant Andrew Scruton 0946 of Warwickshire Police, Nuneaton Police
